

Westfalia Digital Nomads Guest Post Guide

Thank you for your interest in writing a guest post for us! We're pretty flexible, (you don't have to be a native speaker, for example) **but we do require some things:**

- Excellent grammar, punctuation and word choice
- No fluff or filler
- Posts that useful, not just entertainment
- 3-4 relevant links
- 5-6 copyright-free images we can retouch, if needed (can be your own photos if it's more a personal essay piece)
- At least 800+ words

You can write in your own style, though adding your personality and humor are a plus. List posts ('X ways we work online') are fine, but again: useful, practical and actionable. Be sure you've taken a look at our website *before* pitching – we aren't accepting any posts that imitate those we already have.

The two topics we concentrate on are **living in a van** and **being a digital nomad**. If you've got experience or a story to tell – we'd love to hear it!

We'll publish your post with a byline header; a footer with a bio and link to your site; and full promotion on our social (Facebook, Twitter, Pinterest and external groups we're part of).

If you're interested and think this could be right up your alley, send us 3-4 of your pitch ideas! We're looking forward to hearing from you.
